

February 18, 2021

Dear Valued Supplier:

HDT Global would like to clarify the carrier your company is to use for shipments to our facilities. Unless otherwise instructed in writing by an authorized HDT Global employee, please adhere to the below instructions. Any/all additional transportation charges caused by a Supplier's failure to follow these instructions will be the responsibility of the Supplier.

This directive is effective on all shipments to the following HDT Global facilities:

<b>5455 Route 307 West</b> <b>Geneva, OH 44041</b>	<b>510 Lansdowne Rd</b> <b>Fredericksburg, VA 22408</b>	<b>4080 Park Ave. West</b> <b>Mansfield, OH 44903</b>	<b>5951 Endeavor Way</b> <b>Tanner, AL 35671</b>
<b>7375 Industrial Rd</b> <b>Florence, KY 41042</b>	<b>1032 Seabrook Way</b> <b>Cincinnati, OH 45245</b>		

For Less than Truck Load (LTL) and Truck Load (TL) shipments, navigate to the following web address:

<https://www.simplifiedlogistics.com/LoginControl/UserLogin.aspx>

Log in with the following information:

User Name: **HDT**  
Password: **supplier**

Click on the "Routing" button and enter the ship date, origin zip code, destination zip code, and weight. Then click on "Lookup" Carriers. The website will tell you which carrier to use and their dispatch number. If your shipment is over 8 pallets or 10,000 lbs, please email [HDT@RedwoodSCS.com](mailto:HDT@RedwoodSCS.com) or call 855-375-6442, for carrier routing instructions.

Please note that HDT will **not pay** for additional charges incurred if two or more shipments ship from your facility on the same day to a single HDT facility or if the supplier does not use the directed carrier of choice.

In addition to the new carrier assignments, the correct "**3<sup>rd</sup> party bill-to**" information should be printed on your Bill of Lading:

**HDT Global**  
**c/o Simplified Logistics, LLC**  
**PO Box 40088**  
**Bay Village, OH 44140-0088**

Finally, effective immediately, all RFQ responses must be provided without freight included in the material price unless otherwise explicitly requested in writing by an HDT supply chain team member.

Thank You,

Andrew T. Youngberg  
Strategic Director of Supply Chain

Mark Weiler  
Tactical Director of Supply Chain
