

12 BED EMERGENCY MEDICAL TREATMENT AND TRIAGE SYSTEM (EMTTs)

This 6 – 12 bed rapid deployable infrastructure system provides an on site Emergency Treatment & Triage System (E-MTTs). A trailer based system complete with power generation, heating and cooling, and water distribution. Free standing and designed to be setup in 1 hour. System only needs fuel, water source and oxygen to be operational. This system provides treatment space for 6 beds with surge capability to 12 beds. Also has capability to provide negative pressure isolation for 2 to 4 beds. Multiple systems complex together to provide larger multi-bed systems in increments of 25, 50, 100 or more.

SYSTEM CAN BE USED AS:

- Stand off triage and remote treatment capability from your Emergency Department
- Augment emergency services for disaster and large scale public events

KEY FEATURES

- Rapid deploying shelters for Mass Casualty Event Response
- Complete with heating, cooling, and water distribution
- Complete water system including showers and sinks
- Free standing and designed to be set up in one (1) hour
- Boot connectors
- System only needs power source, water source, and oxygen to be operational
- Medical equipment included can be tailored to meet your specific requirements
- Beds included with this system
- Lighting
- Chairs
- Waste containers
- Fire extinguisher
- 3.5 Ton ECU
