

RTOC FLAT PANEL

Mobile Ops Command and Control Display

The HDT RTOC Flat Panel display system features an easy to set up design with rugged components for mobile operations. Made with lightweight, high strength, airframe grade, aluminum alloy, our RTOC Flat Panel system is durable, compact and lightweight.

Interactive, pen-based electronics can be added to turn RTOC Flat Panels into collaborative systems. These interactive technologies utilize tethered USB pens to communicate between the display and a PC.

Displays are offered in sizes from 55 to 70 inches diagonally. Contact HDT to inquire about larger sizes.
