

REPLACEMENT PARTS FOR HDT 35KW GETS

HDT Fully Mission Capable Packs are a convenient way to order common replacement parts for HDT 35kW skid-mounted or trailer-mounted GETs. Kits for routine maintenance or standby replacement parts kits are available.

PM – 2002907

The PM Pack has an engine drive belt as well as a six-month supply of fuel filters, oil filters and air filters that will support one GET trailer for 24/7 operation for 180 days.

LEVEL I – 2002909

The Level I Parts Pack includes contactors, hoses, gaskets, motors, an alternator, ECU parts and other items that would be required to return a failed unit to operation. The Level I Pack is intended to be a standby replacement parts pack.

LEVEL II – 2002908

The Level II Parts Pack includes sensors and externals that will impede operation if they fail and must be replaced to ensure optimal performance. This Parts Pack is intended to be a standby replacement parts pack.

TOTAL PACKAGE – 2002906

One each of all three Packs.

AFTERMARKET SUPPORT FOR:

35kW GET

35kW Skid Mount Generator
