MTH150 120K BTU HEATER, SAFETY CONTROL UPGRADE

AFTERMARKET SUPPORT FOR:

MTH150
NSN 520-01-558-8125

HDT's MTH150 heater is one of the safest, most versatile, and reliable sources of powered outdoor heat available. Field-proven for over 25 years, the MTH150 delivers 120K BTUs of clean, heated air from outside your tent or enclosure.

The MTH150 Control upgrade includes an improved safety control, control panel and EMI protection. It offers solid state safety control with improved diagnostics. The HDT-programed control directs the heater to enter a post purge period on shut-down cycles, allowing it to cool completely for safe pack-up and storage

The control also has diagnostics lights for flame assurance and fault lockout.

BENEFITS OF THE MTH150 UPGRADE PACK

- Improved safety control
- EMI protection
- Diagnostic LEDs
