

## INSTRUCTIONS

Use the appropriate TM to perform an equipment check of your HDT Base-X 200 Series repair pack to identify any missing, damaged or worn parts and to ensure that your pack is fully mission capable. Damaged parts can be ordered by NSN or through HDT's Aftermarket Program. Complete this checklist in accordance with the TM listed below. If the manual is missing please contact your HDT Field Service Representative or call HDT Global at 800.969.8527.

Date of Inspection: \_\_\_\_\_ Serial Number of Unit: \_\_\_\_\_

Build Date: \_\_\_\_\_ Initials of Inspector: \_\_\_\_\_

## PREVENTATIVE MAINTENANCE CHECKS AND SERVICES (PMCS)

Perform the appropriate PMCS in accordance with HDT TM INSTRMAN.

Log any repair parts in the table below.

| Description | Mfg Part # | NSN | Qty Required |
|-------------|------------|-----|--------------|
|             |            |     |              |
|             |            |     |              |
|             |            |     |              |
|             |            |     |              |
|             |            |     |              |
|             |            |     |              |
|             |            |     |              |
|             |            |     |              |
|             |            |     |              |
|             |            |     |              |
