

## FIELD REPAIR & SPARE PARTS PACKS FOR HDT DRASH® FAMILY OF SHELTERS

HDT Fully Mission Capable Packs are a convenient way to order common replacement parts for HDT DRASH® shelters. HDT repair packs include items that are commonly misplaced or worn over time and help return your DRASH shelter to full mission capability.

### DRASH® SHELTER FIELD REPAIR PACK

This pack is supplied with every DRASH® shelter. It allows you to quickly make minor repairs in the field so your team can focus on mission success. These Field Repair Packs includes strut repair sleeves, windlines, interior and exterior looped keepers, extension hubs, repair fabric patch material with adhesive, tools and a zippered carrying bag.

### DRASH® SHELTER SPARE PARTS PACK

This pack is an additional authorized item. It allows you to make permanent repairs in the field or during recovery to bring your DRASH shelters back to 100% mission capability. These Spare Parts Packs includes replacement red, blue, green and yellow strut pairs, tools, interior and exterior hub kits, O-rings, looped keepers and a zippered carrying bag.

### AFTERMARKET SUPPORT FOR:
