

# HDT EXPANDO VAN BOOT

The HDT Expando Van Vehicle Boot creates a sealed passageway between an Expandable Van shelter and any HDT soft wall shelter. The boot features an articulating frame to support the fabric and a weather seal on both the vehicle and shelter ends of the boot.

The boot connects to any HDT Shelters through the AirBeam® door or vestibule as well as DRASH® and Base-X® articulating frame doors and works with all HDT soft wall shelter models.

## Ordering information

HDT part number 105-H015568-120 (Green)  
105-H015568-130 (Tan)

### Package 1

Dimensions 73" x 16" x 12"  
185.4 x 40.6 x 30.5 cm  
Weight 135 lbs  
61.2 kg

### Package 2

Dimensions 73" x 12" x 12"  
185.4 x 30.5 x 30.5 cm  
Weight 105 lbs  
47.6 kg

### Total System

Dimensions 73" x 28" x 24"  
185.4 x 71.1 x 61 cm  
Weight 240 lbs  
108.9 kg

Products, product specifications and data are subject to change without notice to improve reliability, function, and/or design. Please contact Customer Service at 800.969.8527 for the most up-to-date product information.

The HDT Expando Van boot weather seal keeps the passageway and occupants dry.
