

REPLACEMENT PARTS FOR HDT D1000B 99,500 BTU/H MULTI-FUEL SPACE HEATERS

HDT Fully Mission Capable Packs are a convenient way to order common replacement parts for D1000B heaters. Packs for routine maintenance or as standby replacement parts are available.

The parts packs listed below have other common parts that may be useful in the field.

LEVEL I

The Level I parts pack includes common parts such as sensors, fuses, nozzle, fuel pump, filters, igniter and other items that would be required to return a unit to FMC status. This Level I pack will support three heaters for one heating season anywhere in the world.

LEVEL II

Level 2 pack includes higher level parts required for long-term support in the field or a starting point for bench stock.
